The Luangwa Valley Experience: South Luangwa, Luambe & North Luangwa National Parks

This 9 nights package is for the nature lovers who want to discover more of the Luangwa Valley - in addition to the well known South Luangwa.

The first days are spent at **Kafunta River Lodge**, in South Luangwa, offering the best game viewing in the general Mfuwe area. Game viewing activities at Kafunta River Lodge include game drives in open vehicles along with unique night drives which offer the opportunity to view nocturnal animals.

The central location of Kafunta River Lodge allows us to explore vast areas of South Luangwa National Park. While at the lodge, you can relax on the privacy of your viewing deck, or by taking a swim in the infinity pool while

keeping an eye on the elephants drinking at the waterhole. The lodge also features the only natural hot spring tub of Mfuwe, an intimate wellness spa as well as a small gym.

After your 4 nights at Kafunta River Lodge you will head to Luambe National Park, at the recently opened **Luambe Camp** where you will stay for 2 nights. Luambe National Park is located on the eastern bank of the Luangwa River halfway between South and North Luangwa National Parks.

For the next leg of your safari you will board a small aircraft to reach the vast remoteness of North Luangwa National Park and stay at **Mwaleshi Camp** (operated by Remote Africa), where bush walks will take you well off the beaten tracks. You will stay here for the last 3 nights of your safari.
